11:28:39 From David Boags : Question?

NuPrana LLC / David Boags

I am a single-member SDVOSB since 2012, and 8a since 2019fir Commercial Building Contractor. I have yet to establish any understanding to access the Federal Space to start, maintain, and compete in this space.

What, and Who is out here to help introduce me to this area that is made to help individual like myself that is just getting left behind because there is No support for me to understand. Yet, I have read volumes of information that still leaves me in a dead space of stagnation and frustration.

I have done PTAC, I have done Chapter 31 with VR&E, I have been seeking this proposed Mentor Protégé program with no success.....

There is No light at the end of the tunnel, and time is burning by for me.

Any true thoughts that could help my situation.

Is there a preferred paid Company that will help me that you suggest?

Thank You for you advice.
