11:22:01 From Jason Clark : Question for the SBA about PPP: There is a ton of information about the forgiveness and how to use PPP in order to have a portion or all of it forgiven. As part of the application we were required to submit 941s/940s showing quarterly and annual payroll amounts. There is no guidance on how we are going to be required to show what percentage/amounts was used for what items in order to be forgiven. 1- What are the documents required to show percentages/amounts used? 2 - What is the timeline to provide those documents (you have 10 days to start using the PPP once you are given the money and the PPP loan is for the 8 weeks that follow that start date). So how many days/weeks after that 8 weeks are you required to present them? 3 - Who are you going to provide those documents to, lender or SBA? 4 - what is the process & timeline to get this forgiveness? If you need to contact me to discuss jason@7Dimensionllc.com Thanks Jason Clark
11:25:50 From Jason Clark : PPP example lets say you apply and receive a \$148k loan on 28 April and start using it (within 10 days) on 1 May and the period goes until 26 June (8 weeks). At the end of the period you have spent \$120k (over 75%) on payroll. According to the SBA qualifies for 100% complete forgiveness. Now what?
11:26:53 From Tim Malone (NCMBC) to North Carolina Military Business Center
11:31:26 From North Carolina Military Business Center : The vendor list is also on the NCMBC COVID website
11:32:21 From Mark : Is there a clearing house for PPE? There is little or no feedback from FEMA, DLA, State Agencies on PPE requirements, or contracts,. The CTD has been great but they are a little overwhelm right now.
11:32:25 From Sunil : Which local bank is supporting PPP for non existing customers? Wells Fargo is still not accepting PPP applications from existing customers.
11:32:43 From Yessenia Cordero : the 8 week webinars info please resend?
11:32:49 From Jason Clark : What time is the PPP 4/14 brief on that last slide and how do we join
11:34:02 From Jule Baxter : Could we please get a copy of PP slides emailed or posted for later reference?
11:34:44 From North Carolina Military Business Center : Yes, we will post the slide deck, video of the session and the chat on the NCMBC COVID website following this session.

11:39:41 From Mark : Did all the PPE reg and completed the forms.....then nothing..... now what...

11:39:58 From Tiffany Jordan : Does the NCSBC need volunteers to help businesses navigate through the online forms. Many of us have completed them with relative ease and can help walk others through them.

11:40:08 From Tim Malone (NCMBC) : www.ncmbc.us/covid-opportunities/

11:41:09 From Tim Malone (NCMBC) : www.deftech.nc.gov

11:45:08 From Jeff Krukin : Please repeat the URL for the website that lists NC PPP providers.

11:45:52 From North Carolina Military Business Center : I believe it's www.sba.gov/NC. But it's also on the NCMBC COVID page.

11:47:48 From Eric Surface : I'm having a PPP loan issue. My bank does not understand our switch to a PEO (ADP Total Source) in 2019 and is insisting that we use the number on our 941s which is only part of the year. I've provided the special SBA PPP loan reports created by ADP and shown them the math. Still they don't understand it. Any ideas? I'm thinking about doing what they want and redoing the application with gross payroll from part of the year, even though my accountant and ADP says I should be entitled to use the full year's gross payroll in the calculation. Very frustrated.

11:49:26 From TOM PLACE : <https://supplyconnector.org/> - this is a resource started up recently to help connect suppliers looking for how they can help, and healthcare workers/companies/etc looking for suppliers that can help. Sparsely populated so far as it just went live, but it appears to be getting some traction, figured this would be a good place to share it for interested groups as a supplemental resource.

11:49:47 From North Carolina Military Business Center : Jason, I know SBA will provide a response, but I will also link you up with them following this session to get into more detail and assistance.

11:51:26 From Jason Clark : Thank you

11:52:14 From Aregnaz, U.S. SBA : aregnaz.mooradian@sba.gov feel free to email me directly with questions.

11:53:55 From Jason Clark : Currently one of our government contracts is performed at a government site which is closed due to C19. These are hourly workers being paid hour worked = hour billed to government = hour paid to employee. Is there currently any government EO or directives requiring contracting offices to pay companies?
