## **INVITATION TO BID**

### **P-1394 SOF Motor Transport Maintenance Expansion Camp Lejeune, NC**

**BIDS DUE: October 15, 2019 5:00PM EST**

#### **Project Information**

The Haskell Company is soliciting bids for the P1394 SOF Motor Transport Expansion project at MCB Camp Lejeune. This project will provide approximately 5,000 square feet of maintenance facilities, 16,000 square feet of applied instruction facilities, 8,000 square feet of storage facilities, 8,000 square feet of engineer shop and miscellaneous supporting structures, utilities, parking, roadways, site work, and demolition. The overall schedule for the work is approximately 18 months and will commence in Q1 2020.

If you are interested in submitting a bid for this new construction project, please email us at [Federal.Preconstruction@haskell.com](mailto:Federal.Preconstruction@haskell.com) and we will forward you a link to the project documents. Bids can be submitted to this address or sent directly to one of our estimating leads below.

Bob Legler [Bob.legler@haskell.com](mailto:Bob.legler@haskell.com): Div-01, 21-25, 31-33:

Aswin Gopalan [Aswin.gopalan@haskell.com](mailto:Aswin.gopalan@haskell.com): Div-02, 08, 09 (Drywall Only), 10-12:

Tamer Kandah [Tamer.kandah@haskell.com](mailto:Tamer.kandah@haskell.com): Div-03-06

Amy Davis [Amy.davis@haskell.com](mailto:Amy.davis@haskell.com): Div-07, 09, 13

Eddie Robison [Eddie.robison@benham.com](mailto:Eddie.robison@benham.com): Div-26-28

The P-1394 SOF Motor Transport Expansion will serve as the SEED project for the new Multiple Award Construction Contracts (MACCs) for Marine Corps Facilities, Primarily Cherry Point, New River, and Camp Lejeune, North Carolina. Construction projects to be performed under this MACC will primarily consist of general building type projects and may be either design-bid-build or design-build. General construction of DB and DBB projects include, but are not limited to, new construction, demolition, repair, alteration, and renovation of buildings, systems and infrastructure and may include civil, structural, mechanical, electrical, fire protection, and communication systems. Types of facilities include administrative, industrial, maintenance, warehouses, hangars, communications, personnel support, recreation, lodging, dormitory, medical, training, ranges, roads, etc. in support of Naval Facilities Engineering Command, Mid-Atlantic, Marine Corps Facilities, Primarily Marine Corps Base (MCB) Camp Lejeune and Marine Corps Air Station Cherry Point, North Carolina. Lead or Asbestos abatement may be required. Work in explosive facilities and/or sites may be required

*Subcontractors that provide support and response during this proposal effort will be given preference and priority for this project as well as future opportunities in the area.*

#### **Items to note:**

- Small business contractors are encouraged to submit proposals.
- Minimum prevailing wage rates per General Decision Number NC20190038 dated 01/04/2019 are applicable.
- Please visit [www.haskell.com/subcontractors](http://www.haskell.com/subcontractors) to complete our online vendor qualification as well as view standard forms, insurance requirements and safety orientation requirements
